

Department of Computer Science & Engineering
Expert Talks from Industry

(Industry Institute Interaction cell programme sponsored by TEQIP-II)

Resource Person- Ms. Jaya G Nair: Scientist/Engineer G, Division Head, Programme Planning and Evaluation Division, Management Systems Area, Vikram Sarabhai Space Centre, ISRO

Title of the Talk:

Indian Space Programme: milestones, career opportunities and academic interfaces

Venue: CSED Seminar Hall , MB I Floor,

Date & Time: 16th March 2017 (Thursday) from 4.30 pm to 5.30 pm

About the Speaker: Worked for 20 years in software and system development in real-time multitasking environment for ground checkout systems for the Launch Vehicles and inertial systems of ISRO, including ASLV, PSLV, GSLV, GSLV MkIII, RLV, SRE etc. Winner of ISRO Team excellence award (2009).

Areas of interest: Real-time systems, Operating Systems, Software Engineering, Networks. Organisational culture, dynamics, history, social systems.

Bindu Thomas:

Head of Reliability and Quality Assurance - Navigation and Checkout Software Division of ISRO Inertial Systems Unit, VSSC.

Title of the Talk: ***Best Practices in Software Quality Assurance***

Venue: NLHC 101

Date & Time: **16-03-2017 (Thursday) , 3.00 pm to 4.00 pm**

About the Speaker:

Ms. Bindu Thomas has more than 25 years of experience in the field of Software Quality assurance. Worked on different aspects of quality assurance of various softwares in VSSC starting from onboard software for different launch vehicle missions, Checkout software including ones for Automated Launch Control and software used for Ground Hot tests and simulation studies.

All are cordially invited to attend these talks.
