Memorandum of Understanding with Tata Consultancy Services (TCS)

NIT Calicut has signed a Memorandum of Understanding with TCS for academic collaboration on 5th February 2014. With this MoU, NIT Calicut becomes an AIP Collaborating Institute of TCS. As part of the AIP (Academic Interface Programme), the Institute has identified many areas of cooperation with TCS. According to the MoU, TCS has agreed to sponsor a Best Student award, a Best Student Project award, Internships in TCS, Workshops for students of NITC, and faculty development programmes. The MoU will be effective for three years from 5th February 2014. This collaboration was initiated by the Department of Computer Science & Engineering of NIT Calicut.

Activities: 2014-15

Mr. Santhosh C Kurup (Branch Head, TCS Kochi) delivered an orientation to the IT industry, making the students aware about the latest trends in the corporate sector and the IT industry, and also describing the nature of work in TCS.

TCS conducted a Faculty Development Programme to NITC faculty members on 25th July 2014, on the following topics: Information Security, Green IT

Awards: Ayush Jaiswal of eighth semester B.Tech Computer Science & Engineering got the TCS Award for the Best outgoing student of NITC for the year 2014.
