Minutes of the Email DCC Meeting on 25th August 2017

DCC considered request from Mr. Valsaraj K. S (formerly P060001CS) to Chairman Senate for "**provision for re-registration/re-admission to part-time course at NITC**".

DCC considered his request for some provisions to continue the work from the current state and complete it at NITC itself. He has already completed 10 1/2 years and was not allowed any extension in this semester.

DCC noted that the last DC meeting held on 30/11/2016 had given the following recommendation:

" The committee considered the fact that the candidate has worked on his research problem for 10 years (3 years in NITC and the remaining at his workplace, without compromising on his duties under Technical Education department, Government of Kerala). He has made considerable progress and is expected to complete his work and submit his thesis in a year. Hence the committee recommends that the senate consider his case as a special case and the candidate be permitted to register.... considering the efforts already put in by the candidate towards the aim"

DCC also considered the fact that he began his Ph.D at an advanced age and is currently completed 50 years of age as on May 2017.

Hence it was decided to recommend and forward the request for favourable consideration by the senate treating this as a very special case. The DCC also resolved to propose the following additional recommendations, if re-admission is allowed:

1. Mr. Valsaraj K. S may be given re-admission with age relaxation as he completed 50 years of age in May 2017.
2. He may be allowed to carry over all the academic requirements of the Ph.D programme already done by him (like course work, comprehensive examination), to the new registration, since he is continuing the same work to complete it in NITC.
3. He may be allowed to join in the next session (December 2017).
