

Recommendations of DCC(CSED) meeting on 6/5/2011 regarding M. Tech programmes in CSED

1. The DCC recommended that the course CS6213 Foundations of Information Security, which is an elective course for M. Tech students of CSE according to the 2010 curriculum and syllabi, be considered as an elective course for the M. Tech, CSE, students admitted in 2009 or earlier (as per 2006 curriculum and syllabi) also.
2. The DCC also recommended that the core course CS6111 Algorithms and Complexity, for M. Tech (CSE) students according to the 2010 curriculum, be considered an equivalent course for the core course CSA611 Algorithms and Complexity, for M. Tech (CSE) students admitted in 2009 or earlier (as per the 2006 curriculum and syllabi) also
